You can also enter credits that you are anticipating, whether from scholarships, student loans, a 529 college savings plan, or “other”, such as a payment being made by another family member on your behalf.

6. You'll be taken to the payment page where you can enter your payment information. We discourage using a credit card for semester payment plans, as each payment will incur a separate 2.75% fee. Most families choose to pay from a standard checking or savings account drawn on a U.S. bank. Money market accounts, 529 college savings plan accounts, or home equity line of credit accounts are not eligible for online payments in UVAPay. Once you have entered your payment information, click "Continue".
